INTRODUCTION

Dear Parents:

This handbook was compiled to provide you with easy access to information concerning our elementary schools. We, as elementary principals, believe that communicating with parents is one of our most important responsibilities. We encourage you to become familiar with the handbook and to keep it for future reference.

We strive to make our elementary schools places where children can grow and develop into people who will be knowledgeable, happy, and productive in our society. This goal can only be realized if parents, teachers, and administrators work together for the benefit of our children.

We wish both you and your child a successful school year.

Sincerely,

*Valerie Bartle, Principal, Kennedy Early Childhood Center
Jessica Fletcher, Principal, Elementary Center*

OBJECTIVES

- To provide a varied curriculum which presents many opportunities for success to all students.
- To provide the opportunity to achieve proficiency in all subject areas.
- To create an atmosphere that fosters positive self-esteem, develops personal responsibility, and encourages respect for themselves, as well as others.
- To instill in our students the values of truth, honesty, and ethical behavior.
- To develop an appreciation of rules and an understanding of why they must be followed.
- To provide for our students the opportunity to gain knowledge of the physical body and those elements necessary for its health, safety, and well-being.
- To nurture attitudes, ideas, and behaviors, which are acceptable to society.
- To provide a wide range of cultural and social enrichment experiences for all students.

MISSION STATEMENT

The Greater Nanticoke Area School District, in an active partnership with families and the community, will work to prepare our students for the challenges of the future by having an integrated and rigorous curriculum that will inspire each student to become a lifelong learner in a global community.

PHILOSOPHY

Our goal, as educators, is to provide a multi-faceted environment that will nurture the development of the students in our charge. This environment addresses the intellectual, as well as emotional, moral, physical, and social well-being of our students. These areas are emphasized as we are preparing our students for lifelong independent learning and the roles they will play in the future of the community, the state, the nation, and the world. Therefore, the Board of Education, Administration, Professional Staff, Support Staff, Community Leaders, and Parents of the Greater Nanticoke Area must ensure this environment is maintained and expanded, so as to educate our students via their preferred learning channel. This environment will prepare our young people for the roles they will assume in becoming productive, caring members of society.

HANDBOOK AGREEMENT FORM

Students will be provided with a handbook agreement form on the first day of school. Parents and students must read the handbook together and return the completed form to school. This form indicates that you have received, read, and understand the Greater Nanticoke Area School District Student Handbook.

AUDIO / VISUAL MONITORING

The health and welfare of students is of prime concern. Following student arrival, all doors will be locked. The main entrance is the only entrance that is to be used once classes begin. All visitors are to report directly to the Principal's Office.

Protecting the safety of students, staff and visitors on school property and during bus transit is a paramount concern to the Greater Nanticoke Area School District. Safeguarding school property and maintaining student discipline are also very important goals. To this end, the School Board authorizes the use of audio and visual monitoring equipment in school buses, and in public areas on school property (GNASD Policy 816).

ACCIDENTS / STUDENT ACCIDENT INSURANCE

The safety of our students is foremost. Accidents, however, do occur. Students who are involved in an accident, or become injured, during the school day must inform the teachers as soon as such accident or injury occurs.

low-cost accidental injury insurance may be purchased through the school district. If you would like to purchase school insurance for your child, please go to the district's website at: www.gnasd.com

ATTENDANCE POLICY

ATTENDANCE – “Attendance” is the presence of a student on days school is in session. “Absence” is the failure of a student to attend school on those days, half days, and hour’s school is in session. Attendance shall be required of all students enrolled in the schools during the days and hours that school is in session, except when the absence is “excused” as set forth below.

A. Policy Statement

The Board of Directors of the Greater Nanticoke Area School District requires that school-aged students enrolled in the schools of this District attend school regularly in accordance with the laws of the state. The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The Board believes there is an educational nexus between classroom presence and achievement and that class attendance is relevant to the pupils’ overall performance, achievement and academic success. It is the policy of the Board that pupils who are “truant”, or have missed class due to unexcused or illegal absences, may potentially be denied the opportunity to make up missed work and will receive a “0” for the class participation for the days which were actually missed by the pupil.

B. Excused Absence

An “excused absence” includes the absence of a student for any of the reasons set forth in the paragraphs below. Within three (3) school days from when a student returns to school after an absence, he/she MUST present a written note to the homeroom teacher. The parent or guardian must sign and date the note and indicate the home phone number. Upon receipt of the required written excuse in the mandatory time frame, the absence will be recorded as a “legal absence” (the building principal may use discretion to extend the 3 day timeframe for submitting excuses for extenuating circumstances, on a case by case basis).

The types of “legal absences” are as follows:

1. **Illness** – If a student becomes ill during the school day, the student must obtain a pass from the teacher to see the nurse. If necessary, a parent will be contacted by the nurse or administrator and the student is given written permission to be excused to go home. The nurse must inform the attendance office of the illness. If a student is unable to attend school due to illness, the student shall submit to the District a written excuse from either his/her parent or licensed physician within three (3) school days after the absence. Failure to submit a written excuse within this timeframe shall result in the absence being recorded as illegal or unexcused. If a student accumulates more than ten (10) absences due to illness during one school year, the school administration shall require the student to provide a medical statement or excuse from a licensed physician for every subsequent absence due to illness. Failure to provide the

- requested medical excuse shall result in such absence being classified as unexcused and/or illegal depending upon the age of the student.
2. Death in the family.
 3. Religious holidays and religious instruction (with religious instruction limited to a total of not more than 36 hours per school year).
 4. Impassable roads.
 5. Emergency – school administrators will determine whether a specific circumstance qualifies as an “emergency” on a case-by-case basis.
 6. Delay or absence of school bus.
 7. Quarantine.
 8. Family Educational trip - Special permission is required for students to take family educational trips during the school year. The student must turn into the office the excuse from the parent requesting the leave at least two (2) weeks prior to the trip. The trip request form is available in the main office, counselor’s office, and online. The principal will sign the completed form when the student’s records (attendance, disciplinary and academic) have been reviewed. Students who have a history of attendance issues, discipline issues and/or/ who are in academic jeopardy may not receive approval from the respective building administrator to take a family trip. The school administration shall only approve one family trip per student per year. Any subsequent family trips must be approved by the Superintendent. Family trips that are not pre approved by the school principal shall result in the student’s absence being recorded as illegal.
 9. Court appearance.
 10. Dental and medical appointments – Students who wish to leave the school for dental or medical appointments shall submit a note from the parent and/or an appointment card from the doctor to the school office prior to the appointment. Students/parents are asked to schedule medical appointments after school as much as possible. The student must obtain written proof from the doctor/dentist that he/she appeared at the appointment, which must be returned to the Attendance Office upon the student’s return to school, or the absence from school will be considered UNEXCUSED or ILLEGAL.
 11. Home tutored instruction – The parent must secure a form from the building principal for the student’s doctor to complete. The form must be returned to the building administrator in charge of attendance. All home tutored assignments, books, materials and return of materials must be coordinated through the appropriate counselor.
 12. Weather emergency – If the Superintendent orders the schools closed, parents are not required to send a written excuse for their child’s absence on that day. On days where the Superintendent has not closed the schools in the district but parents think conditions in their specific area are hazardous, they should keep their children home from school. In such cases, absences will be excused when verified by notes from parents that the absences are due to hazardous weather conditions, provided the Superintendent and his/her designees will not allow this provision to become an excuse for unjustified irregular attendance and have the discretion to refuse excuses of this nature if they believe evidence exists to show the weather was not hazardous on a specific day.

Excused absences are not to be considered perfect attendance. The only exceptions to this policy are: school related field trips, weather emergencies.

sports, and absence from school for religious instruction. No other exceptions are made.

The following reasons for absences are NOT legal and shall NOT count as “excused” absences: personal business (work/hair appointments/shopping), oversleeping, missing the bus, car problems, hunting, babysitting siblings or others, senior skip day, general excuses (such as “out of town”, “at an appointment”, or “family emergency”). Building administrators will contact parents to gain further explanation of general excuses.

C. Illegal Absence

An “illegal absence” is an absence from school for all students of compulsory school age for reasons other than those defined as “legally excused.” The only reasons that a student may “legally” miss school are set forth in the preceding paragraph of the handbook. “Compulsory school age” refers to the period of a child’s life from the time the child enters school as a “beginner” which may be no later than at the age of eight (6) years until the age of seventeen (17) or graduation from high school, whichever occurs first. According to the Pennsylvania Supreme Court in Commonwealth v. Kerstetter, 2014 PA LEXIS 1500 (Pa., June 16, 2014), although parents are not required to enroll their child in kindergarten, once the election to enroll a child in school (including kindergarten) is made, the child is subject to the School Code’s compulsory attendance requirements.

A student who accumulates ten (10) illegal absences during one school year will no longer be eligible to participate in and /or attend all extracurricular activities and clubs, including but not limited to; field trips, participating in all athletics and other extracurricular activities, attending (as a spectator) all athletics and other extracurricular activities, dances, etc. However, after a period of improved attendance, the school Principal has the discretion to reinstate a student’s privileges to participate in and/or attend extracurricular activities and clubs.

D. Truancy

Chronic illegal absence or their equivalent (illegal tardy minutes or illegal minutes of class cuts) constitute “truancy” and will be referred to the Magistrate for violation of compulsory attendance laws.

In conjunction with the interventions and supportive actions taken by the school district SAIP team in response to students who have acquired 3 or more illegal absences or their equivalent, compulsory-aged students must comply with the compulsory education/truancy provisions of the Pennsylvania School Code. The following procedures shall be followed in accordance with mandatory Pennsylvania law:

1. First Notice — a First Notice shall be issued to the student’s parent(s)/ guardian as soon as a student has accumulated three (3) days, or their equivalent, of illegal absences. It remains a First Notice until three (3) calendar days have elapsed after legal notice has been served on the parent(s)/ guardian.

2. Second Notice — After the First Notice time frame is closed, a Second Notice will be issued for “habitual truancy,” which occurs having 6 or more school days of unexcused absences during the current school year. At this time, parents/guardians will be mandated to participate in the Student Attendance Improvement Plan (SAIP) team. A Truancy Elimination Plan (TEP) will be developed and closely monitored. If the parents/guardians and students are in noncompliance with the TEP, charges will be filed with the local Magistrate.

3. Hearing before the Magistrate — after charges are filed with the Magistrate, the student’s parent(s)/guardian will receive notice of a hearing before the Magistrate. Both the truant child and the parent(s)/guardian must appear at the

hearing. If the parent(s)/guardian shows that they took reasonable steps to ensure the attendance of the child, they will not be convicted of a summary offense.

a) Upon conviction of a summary offense for failure to comply with compulsory attendance laws, the truant student's parent(s) / guardian will be sentenced to pay a fine, not to exceed three hundred dollars (\$300.00), and must pay court costs or be sentenced to complete a parenting education program. The Magistrate may also mandate that the parents/guardians participate in the Parent and Student Success (PASS) program, and/or refer the case to for dependency proceedings.

b) If the parent(s)/guardian are not convicted, and the child continues to be truant and has reached the age of thirteen (13), and has been convicted of violating the compulsory attendance laws:

i. The child can be fined up to \$300.00 or be assigned to an adjudication alternative program; and

ii. The Pennsylvania Department of Transportation (PennDOT) will suspend the child's driving privileges for 90 days

iii. If the child is convicted of a second or subsequent violation, PennDOT will suspend the child's driving privileges for six months

iv. If the child convicted of a violation of compulsory attendance laws is unlicensed, that child will be ineligible to apply for a learner's permit or driver's license for 90 days after a first offense, or for six months after a second or subsequent offense. If the child is under sixteen years of age when convicted, suspension of operating privileges will commence upon the child's sixteenth birthday.

Attendance subsequent to Magistrate hearings – If students are illegally absent again after a hearing before a Magistrate, the District Administration shall again file charges (another Second Notice) with the Magistrate for the subsequent illegal absences.

E. Tardiness

Tardiness to school interferes with a student's learning just as if that student is absent from school. Chronic tardiness is unacceptable both in school and in the workplace. Late students not only miss valuable class time, but also cause a disruption in the education of the entire class.

Tardiness is a serious offense which will be referred to the magistrate. According to PA Code, late arrivals amounting to 6 hours of missed school time will be equivalent to one illegal absence. 10 total late arrivals will result in a magisterial referral. Participation in the Student Assistance Program (SAIP) will be mandatory after 5 unexcused late arrivals.

- 1. Grades K-5** - A student who is tardy to school after the bell rings for homeroom (K-5th 8:30 AM) must report directly to the main office with a parent/guardian and sign-in. A tardy slip will be issued to students.
- 2. Grades K-5** - Students will be referred to the SAIP team, and parents will be notified when students accumulate five (5) unexcused lates. The SAIP team will arrange for a conference to meet and discuss school concerns regarding attendance.
- 3.** Students are not to be counted tardy whenever a bus arrives late.

Excused Tardiness

Excused Tardiness

- Court appearance (certificate required)
- Medical appointment (doctor's office note required)

- Family emergency (parental contact required)
- School function

Unexcused Tardiness

- Oversleeping
- Missing the school bus
- Personal errands
- Any other reason not classified as excused.

F. Early Dismissals

Students who need to leave school early are required to bring a note from a parent or guardian. All notes must be submitted to the student's homeroom teacher the morning of the day requested. The homeroom teacher will notify the main office of the request for early dismissal. No student will be permitted to leave the building without a written request from the parent / guardian. The following must be indicated on each request:

1. Name and grade of student
2. Date of requested dismissal
3. Time of requested dismissal
4. Parent/Guardian signature and phone number
5. Reason for request

Early dismissals are excused for the following:

1. Physician's appointment (verification from physician required)
2. Court appearances (verification required)
3. Death in the immediate family
4. Religious observances
5. School related activities (i.e. field trips, academic competitions, athletics, etc.)
6. Other exceptionally urgent reasons that are authorized by the Elementary School Principal

G. Cyber School Attendance

Students enrolled in courses through the Greater Nanticoke Area Service program in accordance with the following requirements will be considered in attendance for purposes of this policy and compulsory education requirements. Student attendance in cyber service courses will be monitored by the cyber service Administrator, guidance counselors and teacher(s) using an Internet based system. To be considered in attendance during the school year, a student enrolled in the cyber service program must actively participate in online instruction not less than 2.5 hours per week per course. A student will not be granted credit for any semester course if absences from that course total more than seven (7) hours per quarter or for any full year courses that total more than twenty-eight (28) hours for the year. A student is not considered absent from class if she/he has logged into the cyber service program and remained active during the minimum period required.

Except to the extent required by an individualized education program, cyber service instruction will not be provided by the school district prior to the beginning of or subsequent to the end of the school year as annually approved by the Board of School Directors.

Students enrolled full-time in the cyber service program must be actively engaged in their online courses a minimum of 2.5 hours to qualify for participation in extracurricular activities or practices on that day.

H. Miscellaneous Provisions Relating To Attendance

1. **LEAVING SCHOOL WITHOUT PERMISSION/CUTTING CLASS** – a student must have written permission by the parent/guardian describing a legal

reason to be absent from school as set forth in this section of the handbook. He/she is not to leave the building or an assigned class for any reason. Under no circumstances should a student call home and ask his/her parents to come and take him/her home. When necessary, such calls should be made by the school nurse or the appropriate administrator. If the student has forgotten his/her written permission, an administrator may call the parent documenting permission received by phone. Failure to comply with this policy shall result in the student being assigned an illegal or unexcused absence for the time missed from school and/or class. Students may be assigned disciplinary consequences for violation of this policy. A "0" will be given in classes which a student has cut or missed without a legal excuse.

2. **HOMEWORK AND ASSIGNMENTS FOR DAYS OF LEGAL ABSENCES** – When a student is absent (excused), a homework assignment request must be made by parents through the school administrator. At least one day (24 hours) prior notice should be given for instructors to gather all materials requested. Parents may pick up assignments in the office during regular school hours. For each excused absence, the student will have one (1) day to complete assigned school work.
3. **PARTICIPATION IN SCHOOL ACTIVITIES** – Any student missing any portion of a school day without an excuse setting forth a legally permitted reason for the absence (set forth in this section of the handbook) WILL NOT BE PERMITTED to participate in any school activity that day.
4. **ATTENDANCE FOR STUDENTS ON HOME TUTORING** Compulsory school attendance (truancy) rules apply to students on homebound. Thereby, a student's failure to participate in three (3) hours of homebound instruction without a legitimate excuse for those absences will equate to three (3) days of illegal absence, triggering truancy prosecution.

BACKPACK USAGE – ELEMENTARY CENTER GRADES 3-5 ONLY

To clear up the confusion, here are things you need to know ahead of the school year:

- Any student in grades 3-12 will be required to use a clear backpack.
- No mesh backpacks are allowed, students are allowed to use clear backpacks only.
- Mesh pockets are allowed on clear backpacks
- Colored backpacks aren't allowed even if they're see-through. Only fully clear backpacks.
- Stripes are not allowed in any location on backpacks.
- Colored straps are allowed on clear backpacks.
- Small Company trademarked logos are allowed on the front of the backpack, however large logos obstructing the view inside the backpack are not allowed.
- Athletic bags and instrument cases will be allowed on campus but must be stored as soon as the student arrives at school. Athletic bags and instrument cases must be placed in the principal's office (athletic bag) or music room (instrument case).
- There are no size specifications for clear backpacks.
- Lunch bags do not need to be clear?
- Purses are allowed, but cannot exceed 9 inches x 10 inches x 17 inches
- There is no backpack policy for students in Kindergarten through 2nd grade.

BUCKLEY AMENDMENT

Responsibilities of Educational Institutions

The Family Educational Rights and Privacy Act of 1974, called the Buckley amendment, provides for cutting off U.S. Office of Education (OE) funding for institutions that do not comply with the standards prescribed in the Act. The essence of those standards is that:

Parents of a child who is under age 18 and has never attended an educational institution beyond the high school level must be allowed to inspect the child's school records.

Students upon reaching age 18, or attending an institution beyond high school level, called eligible students in the regulations, must be allowed to review their own school or college records, and their parents may no longer do so.

Schools and colleges may not release information about students or let anyone else inspect their records, with certain exceptions listed in the statute, unless the parent or eligible student has given written consent.

BULLYING POLICY

Bullying

The Greater Naticoke School District will be committed to providing a compassionate, receptive, and non-threatening atmosphere for each and every one of our pupils to learn and succeed. Bullying means an intentional electronic, written, verbal, or physical act or series of acts directed at another student or students, which occurs in a school setting and/or school sponsored event, and is severe, persistent, repetitive or pervasive and has the effect of doing any of the following:

1. Substantial interference with a student's education.
2. Creation of a threatening school environment.
3. Substantial disruption of the orderly operation of the school.

Bullying as defined in this policy, includes cyberbullying.

Students are directed to discuss complaints with a teacher or administrator. Students may file an anonymous report online on the district website or through Safe2Say. The principal will investigate complaints of bullying/cyberbullying promptly, and corrective action shall be taken using progressive discipline if the allegations are verified. A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct.

It is expected that anyone (whether student, educator, family member, or other school party) who witnessed or has knowledge of an incident of bullying report the incident to the appropriate member of administration.

Cyberbullying

Cyberbullying shall mean using digital communication capabilities on any electronic device to bully others by:

- a. Sending or posting cruel messages or images
- b. Threatening others
- c. Excluding or attempting to exclude others from activities or organizations.
- d. Starting or passing on rumors about others or the school system.
- e. Harassing or intimidating others.
- f. Sending angry, rude, or vulgar messages directed at a person or persons privately or to an online group.

- g. Sending or posting harmful, untrue or cruel statements about a person to others.
- h. Pretending to be someone else and sending or posting material that makes that person look bad or places that person in potential danger.
- i. Sending or posting material about a person that contains sensitive, private, or embarrassing information, including forwarding private messages or images.
- j. Engaging in tricks to solicit embarrassing information that is then made public.

Cyberbullying will be addressed through progressive actions/discipline by the school when it occurs in a school setting and/or school sponsored event and is severe, persistent, repetitive or pervasive.

An anonymous report on-line on the district website or through Safe2Say can be completed if the cyberbullying disrupts the school, makes a threat against a teacher or other student, or amounts to severe harassment.

Cyberbullying that is occurring outside of school should be reported to local authorities.

BUS REGULATIONS / CONDUCT

The Greater Nanticoke Area School District is dedicated to providing safe transportation for its students. The cooperation of the student riding the bus is essential in maintaining high standards of bus conduct. To attain this, the student must **STOP** and **THINK** about the consequences associated with his/her conduct on the bus. The student must consider how his/her actions might hurt another student or distract the driver and cause an accident.

The district believes that the bus ride to and from school is an extension of the school day. The following bus conduct regulations have been created using the district's **ZERO TOLERANCE** policy. Any student who receives a fourth misconduct report from a bus driver or principal or reaches a Level IV offense category will be denied transportation privileges for the remainder of the school year. This is not a suspension from school, therefore, the parents are responsible for the transportation of their child to and from school. Non-attendance will be recorded as a truancy.

"The Greater Nanticoke Area School District reserves the right to monitor student behavior through the use of audio and video monitoring equipment on all buses". (Policy #816)

The following rules/regulations have been adopted in an effort to ensure the safety of our students:

1. While the bus is en route to and from school, the driver is the sole authority.
2. Students are not permitted to change their seats or get on or off the bus while it is in motion.
3. When exiting, students must pass in front of the bus whenever they need to cross the street.
4. Students must exit the bus at their regular bus stop.
5. No animals, firearms, explosives (firecrackers) or any device considered dangerous or objectionable may be transported while students are riding the bus.
6. Students are not to stand on the roadway while waiting for the school bus.
7. Students must promptly move to their seats upon boarding the bus and be seated. It is expected that younger students sit toward the front of the bus (successively K through grade 5, front to back).

8. The use or possession of alcohol, drugs, or tobacco products is forbidden on the bus.
9. The bus driver or principal has the right to assign permanent seats to the students.
10. Students must wait their turn when boarding or leaving the bus.
11. If a student or group of students becomes boisterous or unruly (hitting, fighting, using profanity, taking another's possessions), the driver will stop and notify the transportation coordinator who will issue instructions.
12. Students should be at their stops at least five (5) minutes early. In bad weather, students are requested to wait fifteen or twenty minutes before returning home. In good weather, there is no limitation on the waiting time.
13. Parents of students suspended from riding the bus will be notified by phone or mail.
14. Parents who transport their children to school on a daily basis must notify the office in writing and be available at all times to pick up their children in the event of an emergency (early dismissal, etc.).
15. It is mandatory that students ride their assigned bus and conform to all rules and regulations.
16. If a student is suspended from school and from the bus on the same dates, the bus suspension will take effect after the student returns to school. Both suspensions cannot be at the same time.

The above rules/regulations coupled with the offense levels below will indicate the corresponding disciplinary response. Parents/guardians will be notified of disciplinary actions.

The enforcement of the misconduct disciplinary responses regarding bus
behavior is under the jurisdiction of the building principal or his/her designee.

For security and safety reasons, students must ride their assigned bus.
Students qualifying for district transportation will be transported only from their
assigned home bus stop to school and back. Students are not permitted to transfer
to other stops and/or routes.

**STUDENTS ARE NOT PERMITTED TO RIDE OR CHANGE BUSES TO GO TO A
FRIEND'S HOUSE.**

Drivers cannot accept notes for changes from parent(s) or guardian(s). The
notes must be brought into the school in advance and approved by the principal or
the transportation director. The student will then be issued a bus pass. Each driver
has a roster, and he/she will not permit other students to ride the bus without a pass
provided by the transportation director or principal.

Parent(s) or guardian(s) may request in writing that a student be reassigned
to a different stop and/or route. All requests must be submitted 1 or 2 days in
advance to the Transportation Officer for approval. Each request shall be reviewed
by the appropriate school district administrator and may be granted in accordance
with the following criteria:

1. The change is permanent for the remainder of the school year.
2. The change is not permanent, but due to a medical condition that can be
verified by a doctor's note.
3. The route does not have to be changed or extended.
4. The stop exists on the route.
5. The vehicle capacity will not exceed the legal limits for the vehicle.

During the school year it may be necessary to make adjustments. The
transportation office will make every attempt to write a memorandum or contact parents
of each student involved in any change.

Parents are asked to treat bus drivers with respect and dignity and should encourage their children to do the same. Bus drivers **cannot** change bus routes or stops. Only the transportation director can do this after consultation with the contractor and the approval of the school's board of directors.

BUS TRANSPORTATION TO CHILD DAY CARE CENTERS

The Greater Nanticoke Area School District will provide transportation to a Child Day Care Center/home for elementary students (K-5) if the following criteria are met:

1. The child care facility/home must be currently on a bus route/stop. If the facility is not on a route/stop, a new route or stop will not be created. Student(s) will be brought to the nearest established stop to the facility.
2. An adult from the child care center or home must accompany and assist the child(ren) to and from the bus. **STUDENTS NOT HAVING A DAYCARE REPRESENTATIVE MEET THEM PROMPTLY AT THE BUS WILL BE RETURNED TO THEIR HOME SCHOOL.** After the second time, the student(s) will be returned to the school, and the parent will receive a Bus Conduct Report from the administration notifying them that the school policy is not being followed. This correspondence will also inform the parent that if this occurs again, it will be the daycare provider or parent's responsibility to transport the student(s) to and from the school for a period of (3) days. If the student(s) are returned to school again, further action will be taken in accordance with the district discipline policy.
3. Child Care Centers are required to submit to the school district transportation office a monthly updated list of students, the school(s) they are attending, and the days they are at the center.

We strive to provide a safe means of transportation to and from school for your child and need your cooperation in attaining and maintaining this effort.

BUS EVACUATION

The purpose of school bus evacuation drills is to have the bus driver and each student riding on the bus know exactly what to do in case of an emergency. Evacuation drills are held twice a year: September and March.

CAFETERIA

Cafeteria breakfasts and lunches are served in all schools. Children who carry their lunch may purchase milk.

Cafeteria Procedures

1. Students will report directly to the cafeteria for their lunch periods.
2. Students will form a single file serving line. Students will be allowed through the serving line one time.
3. Cutting in line during the serving of lunch will not be tolerated!
4. Students are to sit properly in their seats. No kneeling.
5. Students should properly discard trash and disposable trays.
6. All food/beverages must be consumed within the designated eating area. Food/beverages are not permitted to be taken from the cafeteria.
7. Students are not permitted to leave their designated eating area without permission.
8. Student conversation is appropriate in the designated eating area. Screaming, yelling, or other loud noises **will not be tolerated.**

9. Students are expected to inspect their eating area upon arrival and immediately report any condition in need of attention to a cafeteria monitor. Conditions not reported at the beginning of the lunch period become the responsibility of the students eating that period. When it is impossible to determine the specific individual responsible for a condition in need of attention, all students seated in the area will share responsibility.
10. Students are not permitted to bring glass containers into their designated eating area.
11. Students who throw food or any object in their designated eating area are subject to disciplinary action according to the discipline policy.
12. All students must remain seated in the last five minutes of the lunch period. Students are not to stand in or around any doorways during this time.
13. Students who are bringing a lunch, must have it prepared prior to arriving at school.

Inappropriate behavior in the cafeteria may result in assigned seating for the disruptive student as designated by the lunch monitor or building administrator.

BREAKFAST PROGRAM

A breakfast program will be available from 8:05 AM to 8:30 AM for those students who wish to participate.

PURCHASING PROCEDURES

Free or reduced priced breakfasts and lunches are available for students who qualify under the federal guidelines. Families must submit an application annually. All information completed by the parents on the free or reduced lunch application will be kept confidential.

If a student who qualifies for free lunch does not want a tray and only wants milk, he/she must purchase the milk.

The Greater Nanticoke Area School District uses a point of sale system in the cafeteria. This system allows your child to pay for his/her meals on a daily, weekly, or monthly basis. Money can be placed on your child's account in any dollar amount at any time.

The system allows your child to charge a small amount in case of forgotten money or lost money. Students will not be allowed to charge more than the price of 3 lunches. Notices will be sent home with your child when the balance on his/her account has become a negative amount. These balances must be paid in full as soon as possible to remain in good standing.

Students must have a positive account balance in order to purchase a second lunch.

Students in grades K-5 are not permitted to purchase items from district vending machines throughout the school day.

NEGATIVE BALANCES

A charge is allowed if money is lost or forgotten - it is a short term loan and should be paid back the next day.

The cafeteria balance is not to exceed \$10.00. If the cafeteria bill is not paid at the end of the school year, your report card will be held until the balance is paid in full. Note, any remaining balance on your account will carry over to the next school year. Students who accrue a cafeteria balance in excess of \$10.00 will be limited to an alternative meal and will NOT be permitted to select from the menu options.

If you have a negative balance on your account, you will receive a free lunch, if entitled - no extras will be permitted for purchase.

A person is not allowed to purchase lunch or snacks for another person who is not in line, especially one who is not allowed to purchase it themselves.

CELL PHONES

Elementary students are discouraged from bringing cellphones to school or on the bus. If visible during the school day, cell phones will be confiscated and held in the office until picked up by a parent. If a cell phone is necessary for personal reasons after school hours, it must be turned off and kept in the student's backpack throughout the school day and bus ride (**the District is not responsible for the item/device**).

Please be advised that the same applies to Smart Watches, as these devices can make phone calls and send messages. Due to ever changing technology, the District has the right to place limits and guidelines to any new devices, as they see fit, throughout the school year.

COMMUNICATIONS/SCHOOL MESSENGER

The district uses an automated phone system to inform parents of school closings, delays, early dismissals and school events. A paper will be sent home at the beginning of the year for parents to list the telephone numbers to be called. Please remember that these calls may be made early in the morning, during the school day, or later in the evening.

COMPLAINT PROCEDURE

Throughout the year, we realize that problems, complaints and disagreements are inevitable. Therefore, we have established a procedure to help parents resolve their problems.

Parents should contact the Principal's Office to schedule a meeting with the teacher involved in the situation. Disputes, for the most part, are resolved at this level. Parents who wish to pursue the matter to the next level should contact the principal. Although we cannot promise that you'll be satisfied with the results, we can promise that your problem will be heard, and every attempt will be made to resolve the issue fairly.

CUSTODY PAPERS

If court determined custody is in effect, the principal's office must be given a copy of the custody order. Custody orders on file are to be updated annually and whenever changes occur. This will enable the school to maintain a neutral position and to avoid embarrassment for both parent, child and school district. All custody information will be kept confidential in accordance with Federal Laws.

If a child is a foster child, please notify the office immediately, and provide a copy of the foster papers.

DAILY SCHEDULE

The doors open at 8:05 A.M. Parents who chose to transport their children to school must have the children in school between 8:05 A.M. and 8:30 A.M. Parents must not bring their children to school before 8:05 A.M. Children cannot be supervised properly prior to 8:05 A.M. We urge all parents for their cooperation with this request. No student will be allowed into school before the bell rings at 8:05 A.M. regardless of the

weather. If you have been sending your child to school early instead of daycare, your child will be outside until the bell rings at 8:05 A.M.

All bus riders will enter and exit through the Elementary Center doors on Union Street, and all walkers will enter and exit through either the Main door of KECC, or the back door of the Elementary Center, respectively, on Noble Street. If you are transporting your child in your own vehicle, please use the Church Street entrance.

Students will be provided with a 25 minute breakfast period and a 30 minute lunch each day. Students will also receive a scheduled enrichment period/special class and/or a 30 minute recess. Specific class schedules will be determined by the classroom teacher and be provided to the students and parents on the first day of school.

Dismissal for all students from Kindergarten through Grade 5 will be at 3:00 P.M. Please dress your child appropriately for the weather.

DELIVERY OF ARTICLES TO CHILDREN

If you must bring money, clothing, books, lunch, etc., to school during the day, please take them to the principal's office. By following this procedure, unnecessary classroom interruptions will be avoided,

DISCIPLINE POLICY

Philosophy

Discipline is the training that corrects, molds, or perfects the mental faculties or moral character. Its aim is to rehabilitate the student. Discipline should be used to modify behavior, establish and maintain respect for duly constituted authority, promote human growth, and develop ideals, interests, and habits leading to self-government and citizenship. As much as possible, disciplinary measures should not be designed to result in scholastic failure. Procedures including personal counseling should be utilized; and when these have failed to rehabilitate the student, other alternatives should be instituted. Expulsion would be instituted in rare cases involving serious disciplinary infractions which are detrimental to the individual or to the health, safety, morals or welfare of others.

Suspensions will be as short in duration as is possible to achieve a resolution to the problem.

Expulsion is an action taken only by the Board of Education in appropriate circumstances.

Guidelines in Discipline

Discipline in school is essential to assume an orderly environment in which each person may live and learn to his/her full capabilities in harmony with others. Ideal discipline is self-directed and self-controlled; however, when self-control falters and self-discipline fails, disciplinary forces outside the individual must be imposed to protect the rights of others.

All members of the educational community share the responsibility for good discipline in our schools. Parents must be the first to foster self-discipline within the child at home. The school can provide the setting for this training to be carried further, while enabling all students to have the right to pursue their own educational needs without unnecessary disruption by others.

More specifically, *parents have the responsibility to:*

- Send the child to school as required by state laws (compulsory education laws apply to **ALL** students under the age of 18).

- Make sure that the child's attendance at school is regular and punctual and that all absences are properly excused (refer to the Attendance section of this handbook).
- Be sure the child is free of communicable diseases and is in good health as possible in order to ensure effective classroom performance.
- Guide the child from the earliest years to develop socially acceptable behavior, to exercise self-control and to be accountable for his or her actions.
- Teach the child, by word and example, respect for the law, for the authority of the school and for the rights and property of others.
- Know the rules of the school and the consequences for violation of the rules.
- Help the child to develop an interest in learning and exploring a variety of fields of knowledge.
- Become acquainted with the school, its staff, curriculum and activities.
- Attend parent-teacher conferences and school functions.

Students also share the responsibility for good discipline in schools. Associated with the right to a free public education, students also have the responsibility to:

- Attend school regularly and punctually.
- Take advantage of the academic opportunities offered at school and make a conscientious effort in classroom work.
- Assist faculty and administrators in developing and preserving a climate in school that is conducive to wholesome learning and living.
- Know and respect the rights of teachers, administrators, and other students.
- Express ideas and opinions in a respectful manner so as not to offend or slander others.
- Support and participate in school activities.
- Be aware of all rules and regulations for student behavior and conduct themselves in accord with them.
- Dress and groom themselves so as to meet fair standards of safety and health, and so as not to cause substantial disruption to the educational process.
- Assume that, until a rule is waived, altered, or repealed, it is in full effect.
- Be aware of and comply with state and local laws.
- Exercise proper care when using public facilities and equipment.
- Make all necessary arrangements for making up work when absent from school.
- Refrain from using indecent or obscene language in the school setting.
- Strive for mutually respectful relationships with teachers, administrators, and peers.

Corporal Punishment

a. Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. Use of corporal punishment is prohibited.

b. Teachers and school authorities may use reasonable force under the following circumstances:

- To quell a disturbance.
- To obtain possession of weapons or other dangerous objects.
- For the purpose of self-defense.
- For the protection of persons or property.

DISCIPLINARY/MISCONDUCT RESPONSE STRUCTURE

The School Board approved Discipline Policy will be presented and explained thoroughly to the student body at the beginning of each school year by the proper administrative authority. A copy of this Discipline Policy will be made accessible to all parties concerned.

It must be agreed that the School Board, Administration, Teachers, and others Involved follow the prescribed guidelines of this policy.

Consistency is the key factor. It must be adhered to by all involved. Serious violations of established policy on a lower level may require a higher level disciplinary response, however, a higher level disciplinary response cannot be used for a minor infraction. In doing so, we will have an effective policy which will be beneficial to the Greater Nanticoke Area School District.

The provisions of this policy apply to all students except to the extent that a provision is inconsistent with either 22 PA Code Chapter 14 or 342. The provisions of those chapters of the Pennsylvania State Law take precedence over District Policy in those cases where policy and the Code contain inconsistent provisions.

One of the sanctions for misbehavior is withdrawal of permission to participate in field trips. The student will remain in the care and custody of the parent(s)/school that day.

Another sanction of misbehavior is the exclusion from attendance and/or participation in special programs.

** Any student in a position of Level IV Disciplinary Response will not be allowed to participate in any grade level extra-curricular project or activity.*

*** All disciplinary actions involving drugs and/or alcohol will follow the Drug and Alcohol Policy Guidelines.*

DISORDERLY CONDUCT

1. The purpose of this alternative administrative action is to ensure a safe, orderly, and healthy educational environment.
2. The definition for disorderly conduct as found in Criminal Code Title 18, Section 5503, will be used by administrative staff.
3. In order to provide a safe, orderly, and healthy environment, the Greater Nanticoke Area School District prohibits disorderly conduct in areas defined in Section 5503 in school buildings, on school grounds, on school buses, and in any classroom, hallway or instructional area. The prior will also apply to students in school buildings when they are in use for public assemblies, parent/teacher conferences, adult education classes, auditorium, gymnasium, or other rooms in use for student presentations, athletics, etc.
4. The administration may file disorderly conduct charges, a summary offense through magisterial court of not more than three hundred dollars (\$300.00). These charges are in addition to other alternative actions as defined in this policy. The school police officer will issue the citation at the time of the offense.

They may be summoned for the purpose of maintaining or restoring order when the presence of such officers is necessary to prevent actual or threatened injury to persons or property. STUDENT DETENTION POLICY

The administrator or his/her designee in charge of discipline may, if necessary, detain a student for disciplinary reasons after school hours.

The following should be observed when detaining a student:

1. Students/parents are to be given up to twenty-four (24) hour notice concerning detention to arrange for transportation.
2. If the disciplinarian feels that one period is not sufficient, then an additional period(s) of detention can be assigned to the student.
3. Students are never to be left alone during their detention. They must always be supervised by the faculty member assigned to cover detention.
4. Each student assigned to detention will report with educational materials/assignments to be completed independently. The student must have evidence of a completed assignment at the end of the detention hall.
5. Occasionally a pupil requests to be excused from his/her detention for that particular day. Sometimes, due to family situations and emergencies, it is best that the student's request be honored. However, it is suggested that the disciplinarian call the pupil's parents if in doubt. ***Outside job-related responsibilities are not a reason for excusal from detention.***
6. Unexcused absence from detention will result in a required parent conference, and the detention will automatically be rescheduled for the next scheduled detention session; **this detention cannot be rescheduled! If the rescheduled detention is missed on an unexcused basis, the student will be assigned to one day of in-school suspension.**
7. Students cannot change the assigned detention on the day it is scheduled. Detention will be assigned far enough in advance (preferably twenty-four hours) that there will be plenty of time to change their schedules.
8. Students cannot change their detention due to extracurricular activities. This means detentions will not be spread out to allow students to attend practices or games. If a student skips their detention and attends the extracurricular activity, further discipline will be taken which could include suspension from the extracurricular activity.

DETENTION RULES:

Times for detention sessions:

Lunch – Corresponds to assigned lunch period

Recess – Corresponds to recess schedule

After School - 3:15 – 4:15 (Tuesdays and Thursdays)

- Students who do not report for detention by the scheduled time will be counted as skipping detention
- Students must bring a book/school work to detention
- No talking
- No drinks
- No headphones
- No cell phones
- Only students who are scheduled to have detention are allowed in the room
- If a student does not follow the established rules, a second day of detention or in-school suspension will be assigned
- Failure to attend your assigned detention will result in a parent conference and rescheduling of detention or may result in in-school suspension
- Detentions will not be rescheduled because of school related obligations (examples - sport/band practice, club meetings, etc.), or not having a ride home (There is enough time between notification of a detention and the scheduled date to arrange a ride home)
- Detentions may be rescheduled for medical reasons or emergencies at the discretion of the building principal.

ALL REQUESTS AND/OR EXCUSES WILL BE VERIFIED!

SUSPENSION AND EXPULSION POLICY

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper considerations for the rights of other people.

With an understanding of the purposes of discipline in a school, the students may help form a correct attitude toward it and not only do their part in making their school an effective place of learning, but develop the habits of self-restraint which will make them better persons.

Purposes

1. To encourage all students to act in a socially acceptable manner.
2. To discourage actions which interfere with classroom control, the educational process, or the orderly operation of the school.

Suspension from school may be affected by temporary suspension or full suspension. Expulsion is the last alternative, inasmuch as it results in the child's permanent removal from school.

Upon return from any out-of-school suspension, a parent/guardian must accompany the student. If a parent/guardian does not accompany him/ her, that student will not be admitted to school and will be considered truant. The Greater Nanticoke Area School District will not accept responsibility for said truant student. If feasible, the student will be placed on in-school suspension until a parent/guardian visit is conducted.

1. **Temporary Suspension** shall mean exclusion from school for an offense for a period of up to three days, by the principal, without a hearing, in accordance with the policies of the Board of Education.

2. **Full Suspension** shall mean exclusion from school for an offense for a period of up to ten (10) school days. An informal hearing before the principal is offered to the student and the student's parents, in accordance with policies established by the Board of Education.

3. **Expulsion** shall mean exclusion from school for an offense for a period exceeding ten school days and may result in permanent expulsion from the school rolls. The student will be afforded a formal hearing in a manner designated by the Board of Education.

No student may receive a temporary suspension unless the student and parent or guardian have been informed of the reasons for the suspension and have been given an opportunity to respond before the suspension becomes effective.

The parents and the Superintendent of the District shall be notified immediately when a student is suspended. The parents shall be notified by phone and in writing when the student is suspended.

The maximum period a student may be suspended for an offense shall not exceed ten (10) school days. A temporary suspension may be followed by a full suspension for the same offense, provided that the ten (10) school days limitation is not exceeded. Temporary or full suspensions may not be accumulated or made to run consecutively beyond this ten (10) day limitation.

All full suspensions require a prior informal hearing. All expulsions require a prior formal hearing.

The guidance counselor and other appropriate personnel shall see all students who are suspended the second time. Guidance contact shall be recorded in the counselor's log.

Students may not attend or participate in extracurricular activities while under suspension for a 24-hour period from the time of the suspension.

Any student suspended three (3) times will lose privileges to attend school dances and will not be allowed to participate in any school sports or other school sponsored activities. The length of these consequences is at the discretion of the administration.

SUSPENSION POLICY - IN-SCHOOL/TIME OUT

In order to maintain greater control and provide more guidance for students whose disruptive behavior forces their temporary removal from the regular classroom, in-school suspension shall be conducted in conformance with the following guidelines:

1. Students will be assigned to in-school suspension according to the disciplinary responses in the school policy.
2. The administration will inform faculty of those students assigned to in-school suspension.
3. The administration will notify the parents or guardian of said student immediately by phone, if possible, and in writing that a student has been assigned to in-school suspension, giving the reason for such assignment, and a conference may be held prior to the student's readmittance to regular class.
4. After the student has been informed of the violation, the in-school suspension will occur as soon as possible.

5. Whenever possible teachers will have 24-hour notice of students who will be on in-school suspension.
 1. Teachers will provide supplementary classwork for the in-school suspension student.
 2. Homework assignments will be given to the student at the end of the day. All supplemental assignments will be returned to the regular classroom teacher at that time using the faculty mailbox system.
6. Credit shall be given for all assigned classwork completed during the period of suspension. The student may also make up any test or quiz given during the suspension at the discretion of the teacher. Evaluation of the classwork and test/quiz shall be done by the classroom teacher.
7. Students not completing in-school suspension assignments may be assigned additional time in in-school suspension.
8. The guidance counselor and other appropriate personnel shall see all students who are suspended the second time. Guidance contact shall be recorded in the counselor's log. The guidance office will request, in writing, a conference with parents of those students assigned in-school suspension for the second time.
9. Students may not attend or participate in extracurricular activities while under in-school suspension for a 24-hour period of time from the time of the infraction.

Field Trip/Program Exclusions

One of the sanctions resulting from the failure of students to comply with behavioral expectations is withdrawal of eligibility to participate in field trips. A student may lose the privilege to participate in a school-sponsored field trip for any one of the following reasons:

- Two (2) or more out-of-school suspensions during the school year or
- Three (3) or more in-school suspensions during the school year or
- Four (4) or more after-school detentions during the school year

Or

- Suspension of bus privileges for four (4) or more days during the school year

Or

- Any equivalent of above combinations at the discretion of the building principal

On the date of the scheduled field trip, the student may remain at home in the care and custody of the parent or guardian (otherwise, the student will be assigned to an alternative classroom for the school day). The above loss of privileges may also apply to student attendance at, or participation in, school programs and assemblies.

DISMISSAL/STUDENT RELEASE

Student dismissal is 3:00 P.M. All pedestrians will be dismissed from the Noble Street entrance of the Elementary Center, and bus riders will be dismissed from the Union Street entrance.

If, for any reason, a child is not going to ride the bus home at the end of the school day and is being picked up by a parent or another person, a **note (no**

telephone calls) informing his/her teacher is required, and photo ID must be provided for students in Kindergarten and 1st Grade.

In the event of an early dismissal at the parent's request, whoever is picking the child up must come to the office in order for the child to be released and show a photo ID.

Parents are prohibited to pick up children in the main office, between 2:30-3:15, due safety issues during dismissal. At no time are parents or guardians to go to a child's classroom.

Before any change from normal procedure involving a walker or bus rider is made, the child must bring a note requesting the change. All requests for changes in bus transportation must be submitted in writing 2 or 3 days in advance to the Transportation Office for verification and approval. This written request must include the student's first and last name, the parent's first and last name, and a daytime number where the parent can be reached.

It is mandatory that students who are designated bus riders must ride the bus and not elect to walk home unless the parent furnishes a valid reason in writing.

Parents who request to have their children released early must have an acceptable reason for this request to be honored. If the request is for a dental or doctor appointment, we expect an appointment card or some acceptable evidence provided by the doctor's office. If it is not possible to obtain written evidence from the doctor's office prior to the appointment, parents are expected to provide the Principal's Office with the name of the doctor, the phone number, and the time of the appointment for verification purposes.

Requests for early dismissal for shopping, haircuts, etc., will not be granted. These activities should be scheduled after school hours and will not be deemed as valid reasons for early dismissal.

Early student release disrupts the instruction for all students in a classroom. If you pick up your child daily instead of having him/her ride the bus, please wait for your child at the walker drop-off loop. For safety and security reasons, parents are advised not to line up at the main entrance as this causes difficulty with students entering and exiting the building.

EARLY DISMISSAL

Early dismissals are not always weather related. You must have an emergency plan for your child in case there is an early dismissal. Discuss with your child where he/she should go if no one is at home.

It is impossible to allow students to call home to alert family members of an early dismissal. An automated phone call will be sent to inform parents of an early dismissal.

At the beginning of the school year, each student will be issued a green early dismissal card. It is mandatory that the card be completed and returned to your child's teacher immediately. If the emergency plan should change, please notify your child's teacher immediately.

In the event of an emergency early dismissal and your child is a bus rider, the drop off time at the bus stop would reflect the difference in hours. For example, if your child normally arrives at his/her bus stop at 3:20 P.M. and the early dismissal is at 1:00 P.M., expect your child to arrive at his/her bus stop at 1:20 P.M.

DRESS CODE

The intent of this policy is to ensure that our students dress appropriately, are not disruptive to the educational process, and do not compromise the safety and security of our school. It is not the purpose of this policy to interfere with student decisions or freedom of expression. First violation – Parent will be called and a change of clothing will be brought to the school by the parent.

Second violation – Parent will be called to bring the student a change of clothes and an after school detention will be issued.

Third violation – Parent will be called to bring the student a change in clothes and an in-school suspension will be issued.

Subsequent violations may result in the student being excluded from school. These absences will be deemed unexcused and will result in prosecution in the court system for violation of school attendance laws.

The GNA School Board highly encourages students to abide by this dress code policy. Failure to comply with this policy may result in the implementation of a uniform policy requiring students to dress in a school uniform.

EMERGENCY CARDS

At the beginning of the school year, each student is issued an emergency card to be completed by a parent or guardian. ***It is mandatory that we have each child's Emergency Card, complete with phone number(s) for parent(s), relatives, neighbors, or friends who are willing to assume responsibility for the child in case of an emergency.*** Persons listed on the emergency card should have transportation and provide a photo ID at the office when picking up the child.

PLEASE NOTIFY THE SCHOOL OF A CHANGE OF ADDRESS AND/ OR TELEPHONE NUMBER AS SOON AS POSSIBLE.

EMERGENCY EVACUATION & DRILLS

At the beginning of the school year, each student is issued an emergency authorization form to be completed by a parent or guardian. It is mandatory that these forms be returned immediately. The authorization forms will be used at the pick-up point in the event of an evacuation due to an emergency at the Susquehanna Steam Electric Plant.

Fire Drills, Severe Weather Drills, Lockdown, and Lock-Out Drills will be conducted regularly in accordance with law by students and staff.

Reunification – Sky Alerts will be sent to alert parents of appropriate student pick-up points in the event of an emergency evacuation.

FIRE DRILLS

According to Pennsylvania School Law, schools are required to have at least one fire drill per month. Under the direction of the teacher, students will exit the building quickly and calmly, leaving all personal possessions in the school. The teacher should be the last one out of the room, should take the grade book and attendance, should close the windows and door, and remain with his/her group.

After the building has been cleared, the building administrator will notify teachers to return to their classrooms.

FAMILY CENTER

Services for families with preschool children are provided free of charge by the Greater Nanticoke Area Family Center which is located at the Kennedy Early Childhood Center. Please call 570-735-0935. There is limited enrollment.

FIELD TRIP CHAPERONES

Parents / guardians who would like to chaperone a field trip must submit Act 34 and Act 151 clearances to the school by January 31 of the current school year, as per PTA guidelines. Parent volunteers wishing to serve as chaperones may opt to submit a PATCH clearance at no cost to volunteers.

The Pennsylvania State Police established the web-based computer application called "Pennsylvania Access to Criminal History" or PATCH. Using this system, a volunteer can apply for a criminal background check on an individual basis. The information provided by the requestor will be checked against the criminal history database maintained by the Pennsylvania State Police Central Repository. If the requester's information does not hit on any information in the database, the volunteer will receive the results instantly and can print out the "No Record" certificate. PATCH clearances are available to prospective volunteers who have resided solely in Pennsylvania for a minimum of 10 years.

Field Trip Chaperones are required to be a PTA member and must sign up in person at a PTA meeting. In the event we have too many chaperones, the PTA point system will be in effect.

Interested parents should contact the Principal's Office to obtain a homebound instruction form to be completed by parent and physician. If your child does not qualify for homebound instruction, we encourage you to contact the school for missed work and homework.

HOMEWORK

Homework is any work assigned by the teacher to be completed by the student outside of the regular classroom without the immediate and direct supervision of the teacher. It is the student's responsibility to bring the completed homework assignment to class on time. Incomplete assignments may be reflected in the child's grade.

Homework will be listed on the internet daily.

If you are requesting homework for an absent student, please call the office by 10:00 A.M. which will allow the teacher time to prepare the day's assignment. The assignment can be picked up in the office after 2:00 P.M.

HOW PARENTS CAN HELP

1. Have a quiet place for children to study.
2. Check homework every night.
3. Make sure children get a good night's sleep.
 4. Make sure children have breakfast at home or in school.
 5. Be sure to get children to school on time.
 6. Talk with children about what they are learning and doing in school.
 7. Spend time reading with children every day.
 8. Go to school and get to know your children's teachers.
 9. Give praise and small rewards for good work in school.
 10. Encourage self-confidence, self-discipline, and self-reliance in children.
11. Review and sign the Student Planners (Grades 2-5) on a daily basis.

INCLEMENT WEATHER & SCHOOL DELAYS

In the event of inclement weather, there may be a delay of 2-3 hours in the opening of school, an early dismissal, or school closing. Inclement weather announcements will be broadcast before 6:30 A.M.

Early dismissal because of dangerous weather conditions will be broadcast at least 30 minutes before dismissal. Local radio and television stations will make the announcements.

If there is a delay in starting school, the bus pick-up time will also be delayed. For example, if school is delayed two hours and normal pick-up time is 8:00 A.M., the pick up would be 10:00 A.M. For information on cancellations or school delays, check the district's website at gnasd.com, or call 735-7781. Please refer to the Communications/School Messenger section of the handbook.

Whenever there is a school delay of one hour or more, breakfast will not be served in the school that day. Students who ordered may eat breakfast the following day.

INSTRUCTIONAL SUPPORT PROGRAM

An Instructional Support Program is available to all elementary students who are experiencing academic and/or behavior difficulties.

How does the program work?

1. The classroom teacher, parent, or another professional refers the student experiencing difficulty to the Child Study Team.
2. A teacher/team interview is conducted to determine the problematic area(s).
3. A team meeting is held to discuss and select interventions that will help make the student more successful in the classroom.
4. These interventions are initially monitored for 30 school days. If necessary, the interventions will continue.
5. If the student does not experience success, a referral is made for further evaluation.

KINDERGARTEN

In order to be eligible for Kindergarten, a child must be five (5) years of age on or before September 1st.

According to the Department of Health, all children must be immunized with the following in order to attend school: four or more properly spaced doses of DPT or DT vaccine, with one dose on or after the fourth birthday; three doses of Polio vaccine; two doses of Measles, Mumps, Rubella vaccine, with the first dose on or after the first birthday; three properly spaced doses of Hepatitis B vaccine; and two doses of Chickenpox vaccine (varicella) or a form signed by the parent listing the age or date the child had chickenpox.

Online registration requires the parents to upload the child's birth certificate, immunization records, 2 proofs of residency, and custody information. If the parent is unable to upload these documents, a copy can be provided to the District Registrar, Nancy Butzek, in the Administrative Offices.

According to board policy, students will not be permitted to enroll in Kindergarten after September 30th of that school year.

Kindergarten is a full day program and will start and end at the same time as grades 1 through 5. Parents are requested to send a small snack with the child.

It is the parent's responsibility to meet his/her kindergarten child at the bus stop, or at the school if they are walkers. Kindergarten children returning home on the bus at the end of the day are to have a parent or child care provider meet the bus at the stop.

Children not having anyone to meet them at their stop will be returned to their home school. **The student(s) will have to ride the bus for the entire route before they are returned to school. Parent(s) will then be responsible to pick up their child(ren) immediately at the school.**

After the second time the child is returned to school, the parents will receive a Bus Conduct Report from the administration notifying them that the school policy is not being followed. This correspondence will also inform the parent that if this occurs again, it will be the parent's responsibility to transport their child to and from school for a period of (3) days. If the child is returned to school again, further action will be taken in accordance with the district discipline policy.

Kindergarten students, who are considered walkers, must have a parent or child care provider meet the child at the school and provide identification for the release of the child. A student who is in third grade or higher can also meet the child upon written permission of the parent.

LOST AND FOUND

Articles found at school are to be taken to the office. Lost articles can be claimed in the office. If books, lunch boxes, etc., are properly marked, they will be returned immediately. The school is not responsible for any articles lost, stolen, or damaged. All items not claimed by the last day will be discarded.

-

LOST / DAMAGED TEXTBOOKS

Students who lose or damage a book, workbook, or student planner will be required to pay for the actual replacement cost of the book. Parents will be notified in writing if a book has not been returned. If a student has not returned a textbook or library book and has not paid the replacement cost, the final report card in June will not be issued to the student until the account has been settled.

MONEY

Students should not bring large amounts of money to school. Students should only bring the amount they need for that day. The school is not responsible for lost or stolen money.

PARENT-TEACHER CONTACTS

In order to discourage unauthorized visitors and to ensure the safety of our children, all parents must report to the office. Parents who wish to meet with a teacher should contact the school to schedule a time when teachers are not involved with classroom activities. This procedure will enable us to operate with the fewest possible interruptions. If you call the school and the teacher is in class and unable to answer the phone, please leave your name and telephone number. The teacher will return your call as soon as possible.

The first report card must be picked up by the parent. Parents may meet with the teacher at this time.

PARTY TREATS

Some children have serious food allergies. When providing treats for your child's class, please avoid chocolate, peanuts, peanut butter, peanut oil, nuts, and red dye. Please check labels to be sure that juice contains 100% juice and that sugar is not the first ingredient in other treats. Treats must be store or bakery purchased.

Efforts to succeed in “Good Behavior” will be reinforced through a Positive Behavior Intervention and Support Program both on an individual, class, and school-wide basis.

PTA

We are extremely fortunate to have an active Parent Teacher Association in all our elementary schools. We encourage parents to actively participate in the PTA - parents, teachers, administrators working together for the benefit of our children.

The Greater Nanticoke Area Elementary PTA meets on the second Wednesday of each month at 6:30 in the High School cafeteria.

Monthly PTA meetings will be announced via the monthly school calendar and the GNA Elementary PTA Facebook page.

PROHIBITED ARTICLES

Students should not bring the following items to school: silly bandz, heelys, hand held video games, cards of any type, Pokemon items, CDs, dolls, stuffed animals, toys, radios, tape recorders/cassettes, CD players, ipods, laser pens, balls, matches, pocket knives, fireworks, weapons, imitation or toy weapons, ammunition, water guns, tobacco of any kind, lighters, cell phones, and other items that can be harmful. Students should not bring perfumes, body sprays, hair sprays, etc. These items can create a playful or dangerous atmosphere. These items have become distractions during class time and have caused numerous problems during recess. **These items belong at home, not in school. Any confiscated items will be kept until the end of the year.**

RECESS

Recess periods are necessary for all children in most weather conditions. Any child who is ill and unable to go out for recess must bring a note from a parent requesting permission to remain indoors during recess. Students will report to the teacher who is covering detention at that time. A note from the family physician may be requested at discretion of the building administrator.

REPORT CARDS / STUDENT PROGRESS REPORTS

Progress reports will be sent home with all students midway through each marking period.

Elementary students will be issued report cards four times a year, following the end of each nine-week interval. Parents must pick up the first interval report card. An in-service day will be held for this purpose and for parent-teacher conferences.

SCHOOL HEALTH PROGRAMS AND POLICIES

HEALTH & DENTAL EXAMS

In order to help your child reach and maintain optimum health, the following health regulations, as mandated by state law, are in effect:

1. Students entering school for the first time (Kindergarten or Grade 1) will have complete physical and dental examinations.
2. All students in all grades (K-5) shall have height, weight, vision and body mass index (BMI) checks.
3. Students shall have a hearing test in grades Kindergarten, 1, 2, and 3.
4. Students in Grade 3 will have a dental examination.

HEPATITIS B - 3 properly spaced doses of Hepatitis B

CHICKENPOX - 2 doses of Chickenpox Vaccine (Varicella) or a form signed by the parent listing the age or date the child had Chickenpox

NOTIFICATION OF MEDICAL PROBLEMS

Parents are urged to notify the school nurse concerning any medical condition that their child may have. This information will be kept confidential. It is important for the welfare of the child that school personnel know such conditions exist. Please contact the school nurse if there is any change in your child's medical condition.

PLEASE DO NOT SEND YOUR SICK CHILD TO SCHOOL.

Any student in school suffering from an unknown fever, skin rash, or unusual swelling will be excluded until:

1. Diagnosis of non-communicable disease is made.
2. The child is fully recovered.

LICE

All students will be checked periodically for lice by our nursing staff. Reported cases and their classmates will be monitored on a regular basis.

Students identified as having lice will be excluded from school. It is the parent's responsibility to provide transportation for immediate exclusion. **IN ORDER TO RETURN TO SCHOOL, ALL LICE AND NITS MUST BE REMOVED FROM THE CHILD'S HAIR. AFTER TREATMENT, a child may return to school the next day to be checked by the**

school nurse, who is the only person authorized to issue an admit slip for school and the bus.

Upon receipt of the admit slip, the student should return to the office and present the admit slip to his/her respective principal.

In order for students to be legally excused, all cases of head lice must be verified by a school district nurse. If this procedure is not followed, the absence will be deemed unexcused and will be referred to the district magistrate. If a child does not return after 3 days to be checked by the school nurse, the absences will be deemed illegal and the school will begin/continue the SAIP process.

MEDICATION POLICY

The district does not dispense Tylenol, Tums, cough drops, or tissues. If you want your child to have access to Tylenol and/or Tums, please send the items in a bottle marked with your child's first and last name, parent's first and last name, and teacher's name. A written permission note with your child's name, parent's name, teacher's name, date, dosage, and your signature must accompany the medication.

Special medications or prescriptions for students will only be administered to students as follows:

1. We have specific written directions from a physician and the proper form is completed by the physician and the parent. Medication forms can be obtained from the school nurse.
2. Daily medication should be provided on a weekly basis in a container which has the prescription on it.
3. Medication required on a short-term basis must be in a bottle labeled with the child's first and last names, date, teacher's name, name of medication, time to be given, and amount to be given. Send only the amount needed for that day. Include a note with directions, date, reason for medication, child's full name, and parent's signature. Please instruct your child to come to the nurse/office at the proper time for the medication and to take the bottle home.

PARENT RESPONSIBILITY

Parents are urgently requested to make some arrangements for the care of school children in the event of sudden illness which is more of a minor nature. When parents are home, there is no problem. However, when parents are not home, because of working, visiting, shopping, hospitalization, or any other reason, some provisions should be made for the care of their children. Sick or injured children need, want, and should have their parents, if possible.

Working parents should be prepared to leave work to care for them at home or have arrangements made for someone else to care for them at home. No school is expected to take care of the sick or injured child all day. **Only** emergency care can be provided.

If you have any questions concerning these regulations, please call the school nurse at the building your child attends.

TRANSPORTATION OF SICK STUDENTS

Only acutely ill and seriously injured children will be transported whenever necessary. However, it is physically impossible to provide transportation for all

children who may need it for minor reasons during the course of the school day. Therefore, it will be necessary for the parents to provide transportation in situations that are not of an emergency nature.

It is mandatory that the Student Emergency Card be completed fully and returned immediately. Persons listed on the emergency card should have transportation and provide a photo ID at the office when picking up the child.

SEARCH AND SEIZURE POLICY

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

1. Personal Searches

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with

an adult witness present. If extreme emergency conditions require a more intrusive search of a student's person, such a search may only be conducted in private by a school official of the same sex, with an adult witness of the same sex present, and only upon prior approval of the principal or one of his superiors, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

2. Locker Searches

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Periodic general inspections of lockers may be conducted by school authorities for any reason at any time without notice, without student consent, and without a search warrant.

3. Automobile Searches

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspection of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school authority has reasonable suspicion to believe that illegal or unauthorized materials are contained inside. Such

patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

4. Use of Canines

The administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school owned property and automobiles parked on school property. Canines shall not be used to search students unless school officials have established independently that there is reasonable cause to believe the student possesses contraband on his or her person. The canines must be accompanied by a qualified and authorized trainer who will be responsible for the dog's actions. An indication by the dog that contraband is present on school property or an automobile shall be reasonable cause for a further search by school officials.

5. Seizure of Illegal Materials

If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

6. Possession of Weapon on School Property

(a) Definition - Notwithstanding the definition of "weapon" in section 907, according to the PA Crimes Code (relating to possessing instruments of crime), "weapon" for purpose of this section shall include, but not limited to any knife, cutting instrument, cutting tool, nunchuck stick, firearm, shotgun, rifle, and any other tool, instrument, or implement capable of inflicting serious bodily injury.

(b) Offense Defined - A person commits a misdemeanor of the first degree if he possesses a weapon in the buildings of, on the grounds of, or in any conveyance providing transportation to or from any elementary or secondary publicly-funded educational institution, any elementary or secondary private school licensed by the Department of Education or any elementary or secondary parochial school.

(c) Defense - It shall be a defense that the weapon is possessed and used in conjunction with a lawful supervised school activity or course and is possessed for other lawful purposes.

7. Use of Surveillance Cameras on School Buses and/or School Buildings and Grounds

The installation of surveillance cameras (audio / video recording) on school buses and within school buildings or on school property has been approved in order to monitor and record student behavior. Appropriate school district or bus company officials will review video tapes when they receive reports of questionable behavior or actions that endanger the safety of passengers or non-passengers and persons within school buildings or on school grounds. Behavior that relates to vandalism or destruction of private or school property would also warrant use of the audio / video recordings. If the recorded information demonstrates that serious misbehavior has occurred, officials will institute appropriate disciplinary action as stated in the Student Misconduct/Disciplinary Response Structure Guidelines. Evidence collected with these cameras can and will be used to prosecute individuals guilty of improper behavior (GNASD Board Policy 816).

8. METAL DETECTOR USAGE – Grades 3-5 ONLY

Random Screenings – Random metal detector screenings are an effective and necessary means of detecting and deterring the possession of weapons, and preventing its consequences, principally, student violence, from occurring on school premises. Random Screenings are screenings that are not conducted on a regularly scheduled basis and are not necessitated by particularized safety concerns or special events. The Superintendent or his/her designee, the building administrator or school security may authorize metal detector screenings on randomly chosen days during a specified period of the day using school personnel and, if available, the school police officer assigned to the school and/or roving units to operate the metal detectors available to their school (any combination of walk-through units and/or handheld wands), or using a task force comprised of school personnel or safety and security personnel.

As needed screenings- The Superintendent or his/her designee, the security supervisor or the building administrator may authorize metal detector screenings on days chosen to address particular safety concerns such as recent violence in the neighborhood or on days on which special events such as athletic competitions or dignitary visits are held, using school personnel and, if available, a school police officer assigned to the school, to operate the metal detectors available to their school

(any combination of walk-through units and/or handheld wands), or using a task force comprised of school personnel and/or safety and security personnel.

Daily screenings- the Superintendent or his/her designee, the school resource officer or the building administrator may authorize daily metal detector screening using school personnel and, if available, a school police officer assigned to the school, to operate the metal detectors available to their school (any combination of walk-through units and /or handheld wands) when the Superintendent or designee, the building principal or security supervisor determines that the school requires such daily screenings.

SECURITY

The safety of our students and staff is a prime concern. After students have arrived, all doors will be locked. For security reasons, a video monitoring system is located at the main entrance of each school. To gain entrance, press the doorbell located on the side wall.

All parents/visitors must report to the Principal's Office, sign in at the office, and secure a visitor's badge. No one will be allowed to go anywhere in the school without a visitor's badge. Parent volunteers must sign in and secure a volunteer badge which must be returned at the end of the visit. **Anyone who does not follow these procedures will be charged with trespassing.**

We request that you drop your students off at the school and allow the students to walk to their classroom alone. Your child will be adequately supervised and will also enjoy their self-reliance.

No one will be allowed to come back into the Kennedy Early Childhood Center or GNA Elementary Center after dismissal. Please remind your child to take everything he or she needs when leaving at the end of the day.

SKATEBOARDS & BICYCLES

Skateboards, roller blades, roller skates, Heelys, or bicycles are not allowed on school property at any time.

Dear Parent,

Your child's school receives Title I funding and is included under the regulations of the "Every Student Succeeds Act" (ESSA) that was signed into law by President Obama in 2015. ESSA requires:

- Increased accountability for states and school districts.
- Greater choice for parents, especially those in low performing schools.
- Greater flexibility for state and local education agencies in the use of federal funding.
